Other Johnny Cash Tributes offer a cheap impersonation that sounds like a "Billy Goat" in a black coat.

DAVID STONE: The Johnny Cash Experience is a polished, authentic representation of the original "Johnny Cash Show" – for the music, the look, and for who Johnny Cash, June Carter, and *The Tennessee Three* were as people.

Covering Early Johnny Cash, Johnny Cash & June Carter, and the Folsom Prison Concert Era, *DAVID STONE: The Johnny Cash Experience* features authentic costumes, authentic instruments, and a bit of history in portraying this legendary figure in American Country Music.
